

GO Card

**Parents love the convenience
and security of the *GO Card!***

**Don't let your child leave home without it!
No more worries about lost or stolen money.**

Where and how may my child use the GO Card?

The GO Card may be used for entrance fees or at the concession stands at
Rice Pool & Water Park
Northside Family Aquatic Center
Clocktower Commons Mini-Golf and Skate Park
Cosley Zoo (Concessions Only)

The GO Card can only be purchased at the Community Center due to the child's photo requirement. There is a first time card activation fee of \$1 on each card purchased. You may conveniently reload and check card balances through online registration at www.wheatonparkdistrict.com or at the Community Center. Card load and reload minimums are \$10.

GO Cards have a built-in security system. The picture must match the child or the attendants will not accept the card. We recommend your child's picture be updated annually. To update your child's photo simply bring in your child and his/her old card, and we will reissue the new card with a current photo at no charge. If the card is lost or stolen, the parent must contact Karen Donisch at the Community Center (630.690.4880). There is a \$5 fee to deactivate the lost card and reissue a new card. The new card will be reissued with the balance which was remaining on the lost card. GO Cards do not expire and have no cash value.
